

DREW FORSYTH & CO.
HANDMADE FURNITURE

DREW FORSYTH & CO.

HANDMADE FURNITURE

For over 25 years, Drew Forsyth and his team of designers, cabinetmakers and polishers have been creating beautiful furniture, designed to reflect the demands of modern living.

Our customers appreciate the personal touches which go into making each one of our commissions truly unique.

CRAFTSMANSHIP

Using only the finest quality materials, the Drew Forsyth workshop is where designs take shape into something which will last a lifetime. Our time-served cabinetmakers bring a quality to our furniture which simply cannot be matched by mass production processes.

Whatever feature you desire to make your kitchen work for you and your family - from curved units and panelling to display cabinets and island units - each and every element is made to measure.

Our genuine ability to carry out all elements of the cabinet building, finishing and assembly in our own workshop means that the end result is often surprisingly affordable compared to many other 'handmade' kitchens.

HANDMADE FURNITURE

FUNCTIONAL

style & beauty

Whether you are a passionate cook, or simply require a functional and comfortable heart to your home, Drew Forsyth creates the perfect kitchen to suit every house.

You may choose to show off the natural beauty of the oak, maple, walnut or cherry wood, or opt for a hand painted finish in one of Farrow & Ball's classic colours so your kitchen takes shape just the way you want.

The finishing touches make a kitchen, and for this reason we use natural materials such as granite, teak and oak as well as modern surfaces such as Corian for the worktops.

HANDMADE FURNITURE

NATURAL

& timeless quality

Our wood ranges are carefully selected from Europe and North America, using only suppliers who really care about their product.

Available in oak, pippy oak, maple, walnut and cherry we use only the finest materials available.

As well as fitted furniture, we can also make exquisite dining tables and chairs, butler cupboards and benches. Just as you'd expect from a traditional cabinetmaker.

HANDMADE FURNITURE

DESIGNED

just for you

Drew Forsyth & Co take considerable time over the crucial design and planning stages of a project to enable our clients to clearly visualise the end result and make sure it's just as you want it to be. We certainly don't expect you to make your mind up overnight when faced with such a range of possibilities.

As well as computer generated designs, we are also very happy to build sample units for you to review in situ in your home before committing to a final build stage and we can also provide samples of all woods, worktops and paint finishes for you to review at your leisure.

A visit to our showroom in Hebden Bridge can inspire you with its range of boutique kitchens, or alternatively we would be pleased to visit you in the comfort of your own home.

MIX & MATCH

Anything is possible when you work with Drew Forsyth to create the kitchen of your dreams. Because each and every element of your kitchen is handmade, there are no limits on the types of finishes, dimensions or cupboard layouts which can be incorporated.

Clients are increasingly looking to make sure that their kitchen stands out as something different – possibly by incorporating a mix of wood and paint finishes within the one room or perhaps designing one amazing piece of furniture to act as a focal point for the kitchen.

TOTAL PROJECT

management

Co-ordinating all the trades people needed to fit a kitchen can be time-consuming and stressful. Should you wish, Drew Forsyth is able to offer a full fitting and project management service, using a network of trusted electricians, tilers and plasterers as well as decorators who share our eye for detail.

From design through to completion and beyond, we remain attentive to every one of your requirements - no matter how big or small.

BEDROOMS

offices & bathrooms

Drew Forsyth can also make furniture for other areas of your home.

Bedroom furniture can be fitted or freestanding and designed to meet your individual needs in terms of the configuration of shelving and hanging space, depth of drawers and even include secret compartments.

To find out more about the Drew Forsyth approach to creating beautiful furniture for your home, please call us to arrange a no-obligation visit to our showroom in Hebden Bridge, West Yorkshire.

Alternatively we would be delighted to visit you in your own home to discuss your individual requirements in more detail.
